

McCallie Technology Camp

We are so excited you are attending the McCallie Technology Camp- Minecraft Create & Code or 3D Create & Code in Roblox. Thank you for enrolling in our camp. We are committed to helping all participants learn and enjoy the camp.

Camp drop-off will be in front of the McCallie Gameroom. Follow signs to Day Camp; a staff member will be waiting in front of the Gameroom.

Camp will begin promptly each day at 9:00 a.m. There will be a staff member available each morning beginning at 8:00 a.m. for early drop in front of the McCallie Gameroom. Please make sure your child brings a book, crossword puzzle, handheld gaming device as they will not be permitted to play on the computer/internet during early drop off. Our camp will take place in Walker Hall. (Walker Hall is located across the street from Gameroom. Our classroom is up the flights of steps and there is a door to left to enter Walker Hall)

Camp pick up will be either outside the McCallie Gameroom at the end of camp between 3:20-3:30 or at the McCallie Lake (outdoor swimming pool) by 4:15 p.m. If you arrive after 3:30, please go to the lake for pick up. Please make sure to check out with one of us when picking up your child from the lake. You will want to park in the Rotunda Circle, exit your vehicle, and come in the gate on the right for pick up at the lake. (Staff must stay with the children inside the gates at the lake.)

After the lake, your child will be taken to after care in the McCallie Gameroom in the Student Center and can be picked up there between 4:20-5:00. No campers on campus after 5:00 p.m.

Please note the road in front of the Gameroom will only be open during the mornings and afternoons for drop-off and pick up, and not all day.

We will have a morning and afternoon break if you would like to send your child a snack. Snacks will not be provided.

Bring a swimsuit and towel if planning to swim at the end of camp each day. Your child will also need shoes to wear down to the lake as they cannot walk barefoot. The kids tend to not want to put their tennis shoes back on. My recommendation is to pack flip flops or simply have them wear flip flops to camp! Remember that lunch is included.

In the event of inclement weather during swim time, we will not go to the McCallie Lake and a rain plan will take effect. Campers will be taken to the indoor pool from 3:30-4:15 instead of the Lake and may be picked up there during that time.

Please fill out a prescription form if your child will be bringing any medication, i.e. an epipen to camp. The form should be filled out and included with prescription.

Our assistant director is best to contact during camp hours, early morning drop off (8 a.m.-9 a.m.) and after swim and her contact information is:

Lauren Kerfoot
(423)315-2422

Thank you,

Tiffany Henry
